Subject Index Volume 9

Adrenal cortex, bone mineral content, sex hormone binding globulin, sex steroids, androgens, oestrogens, 55
Age, menopausal status, longitudinal research, hot flushes, 217
Androgenic, oestrogenic, progestational, climacteric, Org OD 14, S1
Androgens, bone mineral content, sex hormone binding globulin, sex steroids, oestrogens, adrenal cortex, 55
Δ^5-Androgens, intraadrenal steroidogenesis, bone mineral density, post-menopause, 25
Antioestrogen, growth hormone, somatomedin C, post-menopausal, oestrogen, 297
Apolipoproteins, oestrogens, dose, duration, 33
Asymptomatic women, risk factors, indicators, screening, breast cancer, diagnosis, 135
Atherogenic index, post-menopause, lipoproteins, oestrogen, progestogen, 69
Attitude, hormone replacement therapy, oestrogens, climacteric, prevalence, 339

Behaviour therapy, counselling, menopause, psychotherapy, 41
Bellergal retard, climacteric complaints, 227
Bleeding, climacteric, cyclic treatment regimen, endometrium, 103
Blood coagulation, climacteric, Org OD 14, 95
Blood pressure, oestrogen, progestogen, postmenopausal, hormone substitution therapy, 315
Bone density, oral contraception, climacteric, 375
Bone metabolism, oestrogen, norgestrel, electrolytes, liver function, 347
Bone mineral content, sex hormone binding globulin, sex steroids, androgens, oestrogens, adrenal cortex, 55
Bone mineral density, intraadrenal steroidogenesis, Δ^5-androgens, post-menopause, 25
Breast cancer, hormones, 113
Breast cancer, oestrogen replacement therapy, oestrogen-preogestogen therapy, 123
Breast cancer, risk factors, indicators, screening, asymptomatic women, diagnosis, 135
Breast, cancer, screening, diagnosis, surgery, radiotherapy, 183
Breast, cyst, cation-related, post-menopausal, 17
Breast, cystic disease, 171
Breast, xeroradiography, 163

Cation-related, breast, cyst, post-menopausal, 17
Cancer, breast, screening, diagnosis, surgery, radiotherapy, 183
Climacteric, bone density, oral contraception, 375
Climacteric complaints, Bellergal retard, 227
Climacteric complaints, Org OD 14, oestradiol valerate, 303
Climacteric, cyclic treatment regimen, endometrium, bleeding, 103
Climacteric, high blood pressure, 267
Climacteric, long-term, efficacy, safety, Org OD 14, S25
Climacteric, hormone replacement therapy, oestrogens, prevalence, attitude, 339
Climacteric, oestrogenic, androgenic, progestational, Org OD 14, S1
Climacteric, Org OD 14, blood coagulation, 95
Climacteric, overweight, obesity, 359
Climacteric symptoms, oral, percutaneous, oestrogen, hormone replacement, 207
Climacteric syndrome, menopause, Org OD 14, S49
Clinical effects, conjugated estrogens, medroxyprogesterone, postmenopausal, endometrial histology, 309
Coagulation, Org OD 14, fibrinolysis, postmenopausal women, S67
Collagen, oestrogens, skin, menopause, 1
Concomitant endocrinological activities, pharmacological testing, Org OD 14, S15
Conjugated estrogens, medroxyprogesterone, postmenopausal, clinical effects, endometrial histology, 309
Continuous progestogen addition, percutaneous oestrogen, endometrial response, morphometric analyses, 63
Counselling, behaviour therapy, menopause, psychotherapy, 41
Cyclic treatment regimen, climacteric, endometrium, bleeding, 103

Cyproterone acetate, lipoproteins, hepatic lipase, progestogens, HDL2, HDL3, 81
Cyst, breast, cation-related, post-menopausal, 17
Cystic disease, breast, 171

Diagnosis, cancer, brest, screening, surgery, radiotherapy, 183
Diagnosis, risk factors, indicators, screening, asymptomatic women, breast cancer, 135
Dose, oestrogens, apolipoproteins, duration, 33
Duration, oestrogens, apolipoproteins, dose, 33

Efficacy, long-term, safety, Org OD 14, climacteric, S25
Elderly women, urinary incontinence, health care programme, population study, 289
Electrolytes, oestrogen, norgestrel, bone metabolism, liver function, 347
Endometrial histology, conjugated estrogens, medroxyprogesterone, postmenopausal, clinical effects, 309
Endometrial response, percutaneous oestrogen, continuous progestogen addition, morphometric analyses, 63
Endometrium, climacteric, cyclic treatment regimen, bleeding, 103
β-Endorphin, Org OD 14, post-menopausal, S35
Erythrocyte deformability, fibrinogen, lipid, menopause, 275

Fibrinogen, erythrocyte deformability, lipid, menopause, 275
Fibrinolysis, Org OD 14, coagulation, post-menopausal women, S67
Free thyroxine, oestrogens, progestogens, menopause, 49

Growth hormone, somatomedin C, post-menopausal, oestrogen, antioestrogen, 297

HDL2, lipoproteins, hepatic lipase, cyproterone acetate, progestogens, HDL3, 81
HDL3, lipoproteins, hepatic lipase, cyproterone acetate, progestogens, HDL2, 81
Health care programme, urinary incontinence, elderly women, population study, 289
Hepatic lipase, lipoproteins, cyproterone acetate, progestogens, HDL2, HDL3, 81
High blood pressure, climacteric, 267
Hormones, breast cancer, 113
Hormone profiles, psychological symptoms, peri-menopausal, 235
Hormonal replacement, oestrogen, progestogen, serum lipoproteins, post-menopausal, 253
Hormone replacement, climacteric symptoms, oral, percutaneous, oestrogen, 207
Hormone replacement therapy, oestrogens, climacteric, prevalence, attitude, 339
Hormone replacement therapy, post-menopause, lipoproteins, 259
Hormone replacement therapy, vaginal sonography, menopause, 367
Hormone substitution therapy, blood pressure, oestrogen, progestogen, post-menopausal, 315
Hot flushes, menopausal status, longitudinal research, age, 217

Indicators, risk factors, screening, asymptomatic women, breast cancer, diagnosis, 135
Intraadrenal steroidogenesis, Δ^5-androgens, bone mineral density, post-menopause, 25
Intravenous, oestrone sulphate, oral, metabolism, postmenopausal, 201

Lipid, erythrocyte deformability, fibrinogen, menopause, 275
Lipoproteins, hepatic lipase, cyproterone acetate, progestogens, HDL2, HDL3, 81
Lipoproteins, post-menopause, atherogenic index, oestrogen, progestogen, 69
Lipoproteins, post-menopause, hormone replacement therapy, 259
Liver function, oestrogen, norgestrel, electrolytes, bone metabolism, 347
Liver function tests, oral HRT, 7
Longitudinal research, menopausal status, age, hot flushes, 217
Long-term, efficacy, safety, Org OD 14, climacteric, S25

Medroxyprogesterone, conjugated estrogens, postmenopausal, clinical effects, endometrial histology, 309
Menopausal status, longitudinal research, age, hot flushes, 217
Menopause, behaviour therapy, counselling, psychotherapy, 41
Menopause, oestrogens, progestogens, free thyroxine, 49
Menopause, oestrogens, skin, collagen, 1
Menopause, erythrocyte deformability, fibrinogen, lipid, 275
Menopause, Org OD 14, climacteric syndrome, S49

Menopause, vaginal sonography, hormone replacement therapy, 367
Metabolism, oestrone sulphate, oral, intravenous, postmenopausal, 201
Morphometric analyses, percutaneous oestrogen, continuous progestogen addition, endometrial response, 63

Norgrestrel, oestrogen, electrolytes, bone metabolism, liver function, 347
Nuclear receptor, progesterone receptors, vagina, post-menopausal, oestriol, 87

Obesity, overweight, climacteric, 359
Oestradiol, progesterone, oestrogen receptor, progestogen receptor, ovarian neoplasm, 325
Oestradiol valerate, climacteric complaints, Org OD 14, 303
Oestriol, progesterone receptors, vagina, post-menopausal, nuclear receptor, 87
Oestrogen, blood pressure, progestogen, post-menopausal, hormone substitution therapy, 315
Oestrogen, climacteric symptoms, oral, percutaneous, hormone replacement, 207
Oestrogen, growth hormone, somatomedin C, post-menopausal, antioestrogen, 297
Oestrogenic, androgenic, progestational, climacteric, Org OD 14, S1
Oestrogen, norgestrel, electrolytes, bone metabolism, liver function, 347
Oestrogen receptor, oestradiol, progesterone, progestogen receptor, ovarian neoplasm, 325
Oestrogen replacement therapy, oestrogen-progestogen therapy, breast cancer, 123
Oestrogens, apolipoproteins, dose, duration, 33
Oestrogens, bone mineral content, sex hormone binding globulin, sex steroids, androgens, adrenal cortex, 55
Oestrogens, hormone replacement therapy, climacteric, prevalence, attitude, 339
Oestrogen, post-menopause, lipoproteins, atherogenic index, progestogen, 69
Oestrogen, progestogen, serum lipoproteins, post-menopausal, hormonal replacement, 253
Oestrogens, progestogens, menopause, free thyroxine, 49
Oestrogen-progestogen therapy, oestrogen replacement therapy, breast cancer, 123
Oestrogens, skin, collagen, menopause, 1
Oestrone sulphate, oral, intravenous, metabolism, postmenopausal, 201
Oral, climacteric symptoms, percutaneous, oestrogen, hormone replacement, 207
Org OD 14, concomitant endocrinological activities, pharmacological testing, S15
Oral contraception, bone density, climacteric, 375
Oral HRT, liver function tests, 7
Oral, oestrone sulphate, intravenous, metabolism, postmenopausal, 201
Org OD 14, climacteric, blood coagulation, 95
Org OD 14, climacteric complaints, oestradiol valerate, 303
Org OD 14, coagulation, fibrinolysis, post-menopausal women, S67
Org OD 14, β-endorphin, post-menopausal, S35
Org OD 14, long-term, efficacy, safety, climacteric, S25
Org OD 14, menopause, climacteric syndrome, S49
Org OD 14, oestrogenic, androgenic, progestational, climacteric, S1
Ovarian neoplasm, oestradiol, progesterone, oestrogen receptor, progestogen receptor, 325
Overweight, obesity, climacteric, 359

Percutaneous, climacteric symptoms, oral, oestrogen, hormone replacement, 207
Percutaneous oestrogen, continuous progestogen addition, endometrial response, morphometric analyses, 63
Peri-menopausal, hormone profiles, psychological symptoms, 235
Pharmacological testing, concomitant endocrinological activities, Org OD 14, S15
Population study, urinary incontinence, elderly women, health care programme, 289
Post-menopausal, blood pressure, oestrogen, progestogen, hormone substitution therapy, 315
Post-menopausal, breast, cyst, cation-related, 17
Postmenopausal, conjugated estrogens, medroxyprogesterone, clinical effects, endometrial histology, 309
Post-menopausal, growth hormone, somatomedin C, oestrogen, antioestrogen, 297
Post-menopausal, oestrogen, progestogen, serum lipoproteins, hormonal replacement, 253
Postmenopausal, oestrone sulphate, oral, intravenous, metabolism, 201

Post-menopausal, Org OD 14, β-endorphin, S35
Post-menopausal, progesterone receptors, vagina, nuclear receptor, oestriol, 87
Post-menopausal women, Org OD 14, coagulation, fibrinolysis, S67
Post-menopause, hormone replacement therapy, lipoproteins, 259
Post-menopausal, intraadrenal steroidogenesis, Δ^5-androgens, bone mineral density, 25
Post-menopause, lipoproteins, atherogenic index, oestrogen, progestogen, 69
Prevalence, hormone replacement therapy, oestrogens, climacteric, attitude, 339
Progestational, oestrogenic, androgenic, climacteric, Org OD 14, S1
Progesterone, oestradiol, oestrogen receptor, progestogen receptor, ovarian neoplasm, 325
Progesterone receptors, vagina, post-menopausal, nuclear receptor, oestriol, 87
Progestogen, blood pressure, oestrogen, post-menopausal, hormone substitution therapy, 315
Progestogen, oestrogen, serum lipoproteins, post-menopausal, hormonal replacement, 253
Progestogen, post-menopause, lipoproteins, atherogenic index, oestrogen, 69
Progestogen receptor, oestradiol, progesterone, oestrogen receptor, ovarian neoplasms, 325
Progestogens, lipoproteins, hepatic lipase, cyproterone acetate, HDL2, HDL3, 81
Progestogens, oestrogens, menopause, free thyroxine, 49
Psychological symptoms, hormone profiles, peri-menopausal, 235
Psychotherapy, behaviour therapy, counselling, menopause, 41

Radiotherapy, cancer, breast, screening, diagnosis, surgery, 183
Risk factors, indicators, screening, asymptomatic women, breast cancer, diagnosis, 135

Safety, long-term, efficacy, Org OD 14, climacteric, S25
Screening, cancer, breast, diagnosis, surgery, radiotherapy, 183
Serum lipoproteins, oestrogen, progestogen, post-menopausal, hormonal replacement, 253
Sex hormone binding globulin, bone mineral content, sex steroids, androgens, oestrogens, adrenal cortex, 55
Sex steroids, bone mineral content, sex hormone binding globulin, androgens, oestrogens, adrenal cortex, 55
Skin, oestrogens, collagen, menopause, 1
Somatomedin C, growth hormone, post-menopausal, oestrogen, antioestrogen, 297
Surgery, cancer, breast, screening, diagnosis, radiotherapy, 183

Urinary incontinence, elderly women, health care programme, population study, 289

Vaginal sonography, menopause, hormone replacement therapy, 367
Vagina, progesterone receptors, post-menopausal, nuclear receptor, oestriol, 87

Xeroradiography, breast, 163
